FINAL DETERMINATION OF PRICES FOR FOOD ITEMS AS PER THE COMMERCE (PRICE CONTROL) (PERCENTAGE CONTROL OF PRICES FOR FOOD ITEMS (NO 1) ORDER 2010

Fiji Commerce Commission

11 November 2010

**FINAL DETERMINATION OF PRICES FOR FOOD ITEMS AS PER THE
COMMERCE (PRICE CONTROL) (PERCENTAGE CONTROL OF PRICES FOR FOOD ITEMS (NO 1) ORDER 2010**

11 November 2010

1.0 Introduction

- 1.1 This determination follows the earlier determination released on the 1 November 2010. This determination has been undertaken due to new information provided to the Commission by retailers, wholesalers and Importers.
- 1.2 The underlying philosophy of price control is based on the logic presented in the 1 November 2010 determination. For continuity, the logic is presented below.
- 1.3 Fiji's economy has been having marginal growth over the last two decades. Growth rates of about 2% is not sufficient to deal with the socio economic challenges that Fiji's economy is facing. Issues of high poverty, high income inequality, difficulty in accessing educational institutions, difficulty to acquire basic essential services such as food, shelter and clothing are a reality in Fiji.
- 1.4 There are several factors responsible for such a scenario in Fiji. These factors could be internally or externally driven. While external factors are beyond our control, some of the the internal factors are within the control of various stakeholders. One such factor is price.
- 1.5 Prices in the factor and product market is crucial for the functioning of any market. In both these markets, price should conform to a competitive market. Prices not conforming to a competitive market could be due to several reasons. It could be that the market has high degree of imperfections. Or it could be that there are dominant players. Furthermore, it could also be that suppliers of product are undertaking collective price setting.
- 1.6 Such anticompetitive behaviour could have disastrous impact on the economy. Businesses facing a imperfect factor market could lose competitive edge in the product market. Consumers could lose their purchasing power and government real expenditure will have to rise to deliver the same bundle of goods.
- 1.7 In this regard, in cases where a competitive market solution cannot be delivered, Competition authorities can intervene in the market via ex-ante regulation.

2.0 The Problem with Price Control Order 1970

- 2.1 The Fiji Commerce Commission "the Commission" following the merger with the Prices and Incomes Board carried out primary research into the pricing practices of the grocery importers, wholesalers and retailers. It was noted in the review that prices were quite high.
- 2.2 This compelled the Commission to recommend a review of the processes involved in the pricing method and seek to obtain a Price Control Order on the same. The Commission in its submission to the Minister noted the following major problems:
 - a) Under the old Order, the retailers who were importing goods were being allowed to add up the import, wholesale and retail markup before arriving at the final price. In the new order, a retailer importing a product will not be allowed to add up all three mark-up but rather only add up the retail mark-up;
 - b) Under the old Order, traders provided the unit cost to the PIB and PIB approved the price by applying the mark-up stipulated in the Order. Under the new Order, the Commission will compute the unit cost based on primary data supplied by the traders;
 - c) Under the old Order, traders were beating the system by establishing related companies thus adding up the mark-ups. Under the new Order, we will investigate any such case of a related company and thus disallow double dipping on mark-ups; and,

- d) Under the old Order, traders were changing the dimensions of the product thus keeping their product out of Price Control. We now have adjusted the specification by stating "all types", additionally we have informed that Section 50 of the Commerce Commission Decree 2010 applies for proportionate pricing.

2.3 Having noted the above problems, the Commission submitted a revised Price Control Order to be gazetted.

3.0 Revised Price Control Order, Commerce (Price Control) (Percentage Control of Prices for Food Items (No 1) Order 2010 ("Order")

3.1 Cabinet approved the recommendation of the Commission through its Cabinet Decision **No. 342 of 2010**. Subsequent to Cabinet's approval, Minister Aiyaz Sayed-Khaiyum, the Attorney General and Minister for Justice, Anti Corruption, public Enterprise, Industry, Tourism, Trade and Communications signed off a Price Control Order, **Commerce (Price Control) (Percentage Control of Prices for Food Items (No 1) Order 2010** ("Order") on 29th September 2010 which empowers the Commission to:

- Control prices of specified items (Schedule 1 attached below) which were price controlled either by the non-imposition of duty or otherwise; and
- Obtain evidential documentation of costs incurred prior to approving of prices.

4.0 The Process

4.1 The Commission, by virtue of the said Order and in exercise of its powers under **section 44 of the Commerce Commission Decree 2010** requested all importers, wholesalers and retailers engaged in the trade of items specified under Schedule 1 to furnish copies of all the following information within **14** days from the date of this order:

1. Purchase orders
2. Commercial Invoices (including purchases and any other costs incurred);
3. Bill of lading;
4. Customs entry;
5. Supplier statements; and
6. Payment details (cheque #'s or TT forms)

4.2 The Commission sent out letters to all the Importers, wholesalers, retailers and supermarket operators dated 29th September and 8th October respectively requesting for the cost information to enable the Commission to set the prices.

4.3 The Commission also put up the Notices on 2nd October and 9th October, 2010 respectively in the Fiji Sun requesting all importers, wholesalers, retailers and supermarket operators to furnish copies of the documents stated in 1.4 above.

4.4 A number of meetings were also conducted by the Commission.

4.5 The Commission at the request of the Food Manufacturers, Importers, Wholesalers, and Retailers held a meeting on Monday, 8th November 2010, wherein the various stakeholders were given a further extended time upto COB, Tuesday, 9th November 2010 to furnish cost information, subsequent to which the Commission would release an updated list of items and their respective MRP/MWP by Thursday, 11th October 2010.

4.6 Subsequent to receiving the information, the Commission undertook its own analysis and arrived at a final wholesale and retail price for Vitilevu, Vanua Levu, and Outer Islands.

5.0 The Determination

- 5.1 In furtherance of the obligations of the Fiji Commerce Commission ("*Commission*"), laid out under the Commerce (Price Control) (Percentage control of Prices for Food Items) (No. 1) Order, 2010 (*vide* Legal Notice No. 101), the Commission had determined and fixed the Maximum Retail Prices ("MRP") and Maximum Wholesale Prices ("MWP") for certain food items wef Saturday, 6th November 2010.
- 5.2 The prices for Sugar and Imported Chicken will be on the percentage control as per the Commerce (Price Control) (Percentage control of Prices for Food Items) (No. 1) Order, 2010 until the Commission determines and fixes the Maximum Retail Prices ("MRP") and Maximum Wholesale Prices ("MWP")
- 5.3 The MWP and MRP determined and fixed by the Commission shall be reviewed on a quarterly basis, unless there the Commission sees a valid justification that warrants an earlier review.
- 5.4 The Commission's officers will be on the ground to ensure that the new prices are imposed by retailers and traders. Those found in violation will be imposed a spot fine up to \$3,000 payable within 21 days or face legal proceedings and pay a fine up to \$20,000. Additionally the offender is liable for fine upto \$ 50,000 under Section 41 (for sale at unauthorized price) , upto \$100,000 under Section 42 (for not keeping records and accounts of sale of such items), of the Commerce Commission Decree 2010.
- 5.5 The Re-Whole price will be applicable to traders engaging in the distribution/re-wholsaling of the above mentioned food items with mark- ups upto 3% (three percent) on the maximum wholesale price stipulated in Schedule 1. This will be allowed on a case to case basis. However justification for this increase has to be submitted to the Commission and the Commission will then grant increased prices.
- 5.6 The Re-Retail price will be applicable to stores/shops having small size of operations and they may be allowed an additional 2% (two percent) mark-up on the Maximum Retail Price stipulated in Schedule 1. Justification for this increase has to be submitted to the Commission and the Commission will then grant the increased mark-up.
- 5.6 Under Section 38A of the Commerce Commission Decree 2010 read with Section 23 B, of the Administration of Justice Decree 2010 , the determination of MRP/MWP by the Commission is final.
- 5.7 The Commission will be strictly monitoring, the unlawful practice of Hoarding and Refusal to sell, respectively covered under Section 87G and Section 53 (1) of the Commerce Commission Decree 2010, any violation would make such Importers/Wholesalers/Retailers of the listed food items (*vide* Schedule 1) liable for penalties under Section 129 of the Commerce Commission Decree 2010.

The Commission is looking forward to working with the retailers, traders and other stakeholders in its resolve to fully deliver on to the objectives of the Commission as per the Commerce Commission Decree 2010.

6.0 Proportionate Pricing

Rice: As per this revised determination, the MRP/MWP of only 1KG, 2KG and 10 KG of rice are controlled (*vide* Schedule 1) however if rice is not found to be available in any of the listed quantities as per Schedule 1, then MRP/MWP determination shall be deemed to be made applicable on to the available quantities of rice based on proportionate pricing (*vide* Section 50 of the Commerce Commission Decree 2010).

Split Peas/Blue Peas: As per this revised determination, the MRP/MWP of only 500 gms, 1KG, and 2KG of Split Peas/Blue Peas are controlled (*vide* Schedule 1), however if Split Peas/Blue Peas is not found to be available in any of the listed quantities as per Schedule 1, then MRP/MWP determination shall be deemed to be made applicable on to the available quantities of Split Peas/Blue Peas based on proportionate pricing (*vide* Section 50 of the Commerce Commission Decree 2010).

7.0 Delegation

The Commission in exercise of its powers under Section 21 of the Commerce Commission Decree 2010, hereby delegates its authority and empowers the CEO and Senior Research Fellow, Price Control and Monitoring (together called as “*Delegatee*” for the purpose of this Determination under the Order) to cause any necessary alterations/changes/variations as the Delegatee may deem fit.

In exercise of the authority so delegated, the Delegatee shall cause a copy of the above said alterations/changes/variations to be submitted to the members of the Commission within two days of making such alterations/changes/variations.

8.0 Revocation

This Determination supersedes all previous determinations made by the Commission for the food items under the Price Control Order. This Determination will be effective from 12th November 2010 and shall remain in force until expressly revoked or until the expiry/revocation of the Price Control Order, whichever is earlier.
