## Final Authorisation on Price for Essential Pharmaceutical Products

01 January 2016

Fiji Commerce Commission

Date Issue: 31 December 2015

© Fiji Commerce Commission

*"To promote Competition in the Fijian Markets"*

### Authorization on Price for Essential Pharmaceutical Products

1. Pursuant to Section 41 of the Commerce Commission Decree 2010 and the **Commerce (Price Control) (Control of Prices for Food Items) Order 2015**, the Commission makes the following authorization for the Essential Pharmaceutical Products.

#### *Citation and Commencement*

2. This Authorization is cited as Final Authorization on Price for Essential Pharmaceutical Products for 2016 and is effective from **1 January 2016**.

#### *Maximum prices*

3. (a) The prices set out in Schedule 1 herein shall be the maximum rates applicable, as the case may be, at which the goods and services mentioned therein may be supplied as listed in Schedule 1.  
  
(b) No new charges shall be levied unless authorized by the Commission.

#### *Conditions to this Authorization*

4. The following conditions apply for the purpose of this authorisation.  
  
(a) Importers, Wholesalers'/Distributors and Retailers of the Price Controlled Pharmaceutical items specified in the list in this Authorisation must always make available these items and quantities to the consumers. In case where the specified products are not available proportionate prices MUST be applied to all quantities **vide Section 50** of the Commerce Commission Decree 2010, read as follows:

*“Where the quantity of goods sold or offered for sale is greater or less than the quantity specified in an order made under the provisions of subsection (1) of section 44 such goods shall, subject to any express provision to the contrary in the order, be sold or offered for sale at proportionately increased or diminished price as the case may be”.*

For removal of doubt, if the price controlled item cough syrup 100ml with MRP set at \$ 2.00 is not available in stock, then any other quantity of the same item that is available must be sold at proportionate price. For instance if 110 ml of the cough syrup is available and the 100ml is not there, 100ml should be priced as: Price of 110ml =  $(2.00/100) \times 110 = \$2.20$ .

- (b) Where the maximum price of an item listed in Schedule 1 is required to be rounded off the nearest whole number, it should be done on the total prices rather than on individual unit(s).

- (c) The re-wholesale price will be applicable to traders engaging in the distribution/re-wholesaling of the items in schedule 1 with a maximum mark-up of 5% (five percent) on the maximum wholesale price stipulated in this schedule. This will be allowed on a case by case basis. However, justification for this increase has to be submitted to the Commission and the Commission will make an assessment and approve re-wholesale prices where applicable. The **Maximum Retail Prices** however will remain unchanged.
- (d) The pharmaceutical trader should at all times make available in their pharmacy **at least one item** from each of the categories listed in the attached price list.
- (e) A further **dispensing fee of \$0.45** is allowed on each item prescribed by a physician as is the current practice.
- (f) Furthermore, the Commission **Price List must be displayed** at a prominent place within all traders' premises.
- (g) The Commission will closely monitor the market to ensure that the items specified in Schedule 1 are always made available in the market and also the prices of the non-controlled items are not unjustifiably inflated.
- (h) The Pharmacists and other staff members working at the retail end **MUST** ensure that consumers are always advised about the availability of the price controlled items to enable them to make an informed decision.
- (i) The Commission reserves the right to review the list of price control items at any time it considers necessary upon consultation with all relevant stakeholders.

#### ***Expiration of the Authorization***

5. The above authorized fees and charges expire on 15<sup>th</sup> March 2016 unless the authorization is varied, extended or earlier revoked.
